Kathy Free to Retire as Circuit Clerk; Be Honored with Reception, Friday

On Friday, June 30th, 2017, Bracken County Circuit Clerk, Kathy B. Free, will be retiring with over 40 years of service.

As the second child born to the late Judson and Patricia Boothe, Kathy grew up with the values of hard work and helping out others. Kathy has spent the majority of her life employed. She began working as a young teenager doing numerous jobs such as babysitting, delivering newspapers, and holding a job at Hill's Grocery Store. After graduating from Bracken County High School in 1971, she began studying the secretarial program through the Mason County Vocational School where she ended up working as a secretary and later worked as a secretary for the Hayswood Hospital LPN nursing program.

Her journey at the Bracken County Circuit Clerk's Office began on February 1, 1977, when she started in a part time position as chief deputy under the previous Circuit Clerk, Catherine "Kitty" Rigg. After a few short months she was transitioned into full time chief deputy status until Kitty's retirement in 2000. On December 27, 2000, she was sworn into office by longtime friend Judge Robert I. Gallenstein.

In her 16 years as Clerk she has overseen great change as daily work and driver's licenses went digital, and the moving of the office, not once but twice. The biggest move was to the new Justice Center which opened in 2013. Kathy served on the Project Development Board helping to create not only a beautiful fixture in the county but one that's very accommodating to the community.

She loves the citizens of Bracken County and has devoted so much of her time and resources for others. She has served on multiple boards, coached various activities such as color guard, middle and high school cheerleading, and middle

school volleyball. She is a former member of the BVF women's auxiliary, served as treasurer of the Triumph Christian Church, adopted multiple classrooms, and volunteered as a 4-H "mother," just to name a few. The one thing that she most enjoys doing, is being a member of the the Hometown Traditions Community Club where she has helped put on Santa Claus Lane and played Mrs. Claus for the last 10 years.

Kathy and husband Steve will celebrate their 45th wedding anniversary this year. Upon her retirement she looks forward to spending her time swinging in her front yard, cheering on her Reds, Bengals, and Wildcats, and spending time with her family: daughters Carrie (Norb) Otten, Meghann (Eric) Rich and four grandchildren: Jennah, Landen, Kinley and Callen.

A reception in her honor is being held this Friday, June 30th at the Bracken County Justice Center from 5-7 p.m. Anyone who cannot attend but would like to express their congratulations may do so by emailing Meghann at meghannrich@kycourts.net.

The Bracken County Cancer Support Group, the Bracken County Special Needs Support Group, and the Shop With A Cop program were this year's recipients of proceeds from the courthouse/judicial center annual cookout. The cookout held Tuesday, June 13th, gathered donations totaling \$1,200.

The Bracken County Cancer Support Group provides gas cards to local cancer patients travelling to doctors' appointments and treatments. The program does a great deal of immediate good and is an asset to our county. Anyone needing assistance, wishing to make a donation, or have a member speak to their group may call 606-782-5173 or 606-782-0343.

The Bracken County Special Needs Support Group gives parents of children with Autism, Down Syndrome, and other developmental delays help with understanding their disorder. They also offer support with treatments and tips that have helped with their children and their developmental delays. For more information on the group contact Robin at 606-782-0263 or Meagan at 606-776-4217.

The Shop With A Cop program pairs members of the Bracken County Sheriff's Department and graduates of the Bracken County Citizens Police Academy with less fortunate children at Christmas time. The program provides money for the children to shop with a local police officer raised through donations and fundraisers held throughout the year. For more information or to make a donation in support of this project contact Sheriff Howard Niemeier at 606-735-3233.

Thoughts and Meditations from the Scriptures

REPENTING OR TURNING YOUR LIFE AROUND

There is certainly cause for wonder in the etymological and historical connection between repentance and penitentiaries. Penitentiaries (i.e., prisons) were at one time thought of as places of repentance, or at least penitence, where people went to atone for their sins and to turn their lives around. Nowadays we seem to have lost sight of the potential for prisons to be places where people can remake their lives and instead think of them more as warehouses for dangerous people. Perhaps we should go back to this original model of the penitentiary, and perhaps also we should think of repentance in our own lives as a way of turning things around. One problem that many of us have when considering whether to repent is that we can't bring ourselves to give up our sinful ways, and imagine that repenting will somehow make us dreadfully boring or somehow less happy or fulfilled than we are now. But until we repent and turn around we won't see the beauty of our new life with God. The sinner is always reluctant to give up his precious sins because he is enslaved in his old way of thinking, whereas repentance leads to a whole new way of thinking and being in the world, free from sin and truly at one with God. — *Christopher Simon*

Brooksville United Methodist Church celebrates 151 years

The Brooksville United Methodist Church started, as did most pioneer churches, under a tree in the open air. The services were led by circuit riders who visited on horse back, their visits were rare although lasted weeks at a time. Prior to the Civil War the parishioners secured \$500 worth of bricks to construct a building. When the war broke out the decision was made to postpone the building of a church and the bricks were loaned to neighboring St. James Catholic Church also under construction. In 1866 following the conclusion of the war, a frame building was raised at the present location. The large timbers, hand hewn, can still be seen in the basement of the church.

There have been several remodels undertaken over the years, including adding stained glass windows and education rooms and a basement kitchen. In April of 1987, a violent thunderstorm in the area caused the ceiling in the sanctuary to fall, destroying 29 pews, light fixtures, hymnals, carpeting, etc. The windows and the pulpit furniture, circa 1913, were spared along with the organ and piano.

Five members have entered the ministry from the BrooksvilleUnitedMethodist Church: Rev. Robert Lee, Rev. Martin McClure, Rev. Morris McClure, Rev. Henry Carl, and Rev. Kenneth Jett, Jr.

The church has stood 151 years and the congregation gives God the glory and praise.

On Sunday, July 9, the BrooksvilleUnitedMethodist Church will celebrate its 151st anniversary. The day will start with Sunday School at 9:45, morning services at 10:45 followed by a fellowship meal. Special services will be held that afternoon at 3:00 with the Bishop of the KY. Methodist Conference, Rev. Leonard Fairly, bringing the message. Special music and other guests will be included. Rev. Elizabeth Smith and the congregation invites the entire community to help celebrate this anniversary. Joy be unto the Lord!

What a beautiful Lord's Day. The 4th day of summer sure felt like spring to me! Add a donut, cup of coffee, good fellowship, makes for a great opportunity to learn about our Transcendent Heavenly Father. This week, "How Omniscient He Is". It's important to know that God is all knowing. We cannot outsmart, bargain with, fool, or expect God to forget. He is the origin of all things!

We also had a guest speaker, Jim Thomas, from the Gideons. Did you know that this past year they broke their previous record for Bibles distributed? 91.8 million! Please consider donating to this very important cause. Every cent goes to the printing and shipping of God's Word.

Alot of useful and important info on our Facebook and web page, check us out or show up Sunday. Donuts 9:15, Bible Exploration 10:00, Sunday worship 10:45 a.m.

FIRST BAPTIST CHURCH OF AUGUSTA by Roberta Wood

Our guest speaker this week was Mr. Audley McQueen, a Gideon speaker. He informed us that the Gideons started in 1899. Harry Truman used a Gideon Bible to be sworn into office as the President of the United States after the untimely death of President Franklin D. Roosevelt. Mr. McQueen had some other informative information as he spoke to us Sunday.

Our prayer list just doesn't seem to get any smaller each week, so would you join us in praying for the following - Jr. Woods is scheduled for surgery, Jackie Wachter family lost a child - premature baby - Haley Jefferson, Elayna Karrie Caudill's children for their loss of their mother and 97 year old Mildred Hook who is the oldest member of our church could use some of your prayers.

Vacation Bible School is coming up July 16-19 from 6-8 p.m. so please mark your calendars and come explore the "Operation Arctic" with us this year.

Sunday School is 9:30 a.m., Worship Service is 10:30 a.m. and Sunday Night Bible Study is 6 p.m. Come join us. May God bless you in some special way this week and remember to pray for each other and our country.

PRESBYTERIAN POTPOURRI by Les Grooms, pastor Augusta Presbyterian

This past Sunday was Gideon Sunday. A member of Gideon's International comes and gives a presentation about the work of the Gideons. An offering is given to the Gideons.

We welcomed Betty Bush to the worship service this past Sunday. She has been absent for a while and we were happy to see her return.

We will be at Ruggles Camp Grounds for the Market Place program. Between 175-200 children will be there and there will be over 100 adults helping with the program. It is a very worthwhile program for the children. Cost is \$15 and includes three meals, snacks, and a t-shirt.

Joyce Gibson was the liturgist and Susie Hargett led the singing. My message was about the work of Noah.

We will have our last Soup Supper for five weeks on Mon., June 26. This will give the workers a break. We will resume on August 7.

The Food Bank will continue each Tuesday except for July 4. That week, and that week alone, the food bank will be open on July 6 (Thursday) from 1:00 to 2:30 p.m. The next week we will continue Tuesday afternoons. We have been fortunate to get a lot of produce from the Free Store Food Bank in Wilder.

The Bread Basket Meal will continue the second Wednesday of the month at 12:00.

Church service is at 10:45 each Sunday morning. All are welcome.

“What You’re Looking for is Looking For You”

In a world filled with factory farms and GMO’s conscious, healthful eating needs to exist at the community level. This vision inspired, Pickers and Grinners, Maysville, KY’s Open-Air Market held in Limestone Park, parallel to the Parc Café in historic downtown Maysville.

“With so many farmers and so many visual and performing artists in Maysville, it’s a gift to bring them all together in an outdoor market for the community to enjoy,” says Lauren Lax, creative director of Pickers and Grinners.

Enjoying its second year, Pickers and Grinners has just two events left this summer. Each event will showcase different organic farmers, artists, musicians and activities for children.

Markets Open from 9 a.m. till Dusk.

- Saturday, July 15th, “Art in the Park”
- Saturday, August 19th, “Living Waters”

“Art in the Park” celebrates local art in its multitude of mediums and working spaces. Pickers and Grinners invites creative artisans to reach out if interested in showcasing their work.

With historic architecture, a vibrant international community, and lush farmlands, Maysville, KY sets the backdrop for both the Parc Café and Pickers and Grinners. You are welcome to surround yourself with beauty as you participate in this community collaborative. Vendor Space is \$25.00 per space but limited. Please contact Pickers and Grinners on Facebook, <https://www.facebook.com/Pickers-Grinners-1141060245937919/>, for an application and let us know if you have any artwork to share!

This \$500 scholarship, which was created to honor Guild founder Judy Federer, was awarded this year to Bracken County student Bailey Cooper.

Ms. Cooper was described in her recommendation letters as showing “great potential” with an “enthusiasm for learning and the arts.” In addition to her membership in several other clubs, she was an active member of the Bracken County High School Art Club. Guild judges were particularly impressed with her portfolio of work, which was also displayed during this year’s Art in the Garden.

U.S. Postal Service to Issue Sharks Forever Stamps beginning July 26th

The U.S. Postal Service will celebrate the wonder of sharks by issuing the Sharks Forever stamps featuring five species that inhabit American waters — the mako, thresher, great white, hammerhead and whale sharks. Please share the news on social media using the hashtag #SharksStamps.

The 8 a.m. July 26 First-Day-of-Issue ceremony will take place at the Newport Aquarium in Newport, KY. This is a ticketed event. Tickets are limited to a first-come, first-served basis. Please RSVP to usps.com/sharks for free tickets.

Customers may preorder the stamps in early July at usps.com/shop for delivery shortly after the July 26 nationwide issuance.

Misunderstood Creatures

Possibly no other creatures are as mythologized — or as misunderstood — as sharks. Blockbuster thrillers and sensationalized media have fueled the belief that sharks are monsters: unthinking, bloodthirsty, vengeful and primitive. While they are ancient creatures, having emerged long before the first dinosaurs, after 400 million years the 500 or so known shark species have adapted to their ecological role.

Sharks' adaptations include light, flexible skeletons of cartilage, teeth replaced without limit and skin covered by a hydrodynamic surface of tiny tooth-like

structures. Their keen senses include one that detects electrical signals given off by prey and enables navigation by Earth's magnetic field. Their nervous systems are also adapted to sense miniscule water movements, such as the struggles of a far-off fish.

An athlete of the shark world is the swift, streamlined **mako shark**. The stamp image depicts a short-fin mako (*Isurus oxyrinchus*) knifing through the water near the surface.

The most distinctive feature of the pelagic **thresher shark** (*Alopias pelagicus*) is its unique, whip-like tail fin, seen trailing in the distance of the stamp image.

The **great white** (*Carcharodon carcharias*) epitomizes sharks in many people's minds.

The world's largest fish is the sluggish, filter-feeding, school bus-sized **whale shark** (*Rhincodon typus*).

The **scalloped hammerhead** (*Sphyrna lewini*), featured in the hammerhead shark stamp, is one of three large hammerhead species.

You may view many of this year's other stamps on Facebook at facebook.com/USPSStamps or via Twitter @USPSStamps.

The Postal Service receives no tax dollars for operating expenses and relies on the sale of postage, products and services to fund its operations.

Photo submitted

On Friday, June 9th, four Polar Bears got to suit up one more time. Nicholas Rice, Tristan Bishop, Matt Holder and Russell Wyatt were selected to play for the West in the Army National Guard Kentucky East vs. West game. While the West lost 20 to 12, the four Polar Bears played very well with Tristan passing for 250 yards and 2 touchdowns. Nicholas was named as one of the captains and received the \$500 scholarship voted on by the coaches. Former coach Mike Sizemore and current assistant Ben Stroup also served as coaches for the West. Great job Polar Bears.

Take control of weeds in the vegetable garden

*By Dr. John Strang, ext. horticulture specialist
Submitted by David Appelman, CEA for ANR*

Home gardeners look forward to that first ripe tomato or ear of corn they pick from their carefully tended gardens. But after some vigorous gardening on a hot, humid day, you may wonder if it is all worth it.

Weeds compete with crops for water, nutrients and sunlight. Some weeds, like quackgrass, can chemically inhibit vegetable plant growth. Others host insect pests and disease pathogens. All of these result in fewer fresh vegetables for your table.

There are some preventive practices that effectively combat weeds. Frequent hoeing or rototilling on a weekly basis helps eliminate weeds when they are small and easily removed.

If you plant rows a little closer, vegetable crops provide more shade and that also helps to reduce weed pressure. After you harvest a crop, plant another in its place to continue using the space.

Mulching works very well in the home garden. Use organic material such as grass clippings, leaves or straw to eliminate weed growth and build up organic matter to make the soil more fertile and easier to work. Do not use grass clippings from a lawn that was treated recently with a herbicide. Treated clippings can cause vegetable plant twisting and

can even kill some sensitive crops. Be careful about the kind of organic material you use. Hay can introduce a considerable load of weed seeds into your garden.

Black plastic mulch is beneficial to certain vegetables including tomatoes, eggplants, peppers and vine crops. In addition to shading out and eliminating weeds, plastic mulches conserve moisture and promote early crop growth by helping heat up the soil in spring. Landscape fabric has the added advantage of being water permeable and can be used for multiple years; although it is more expensive than black plastic.

Most importantly, do everything possible to keep garden weeds from going to seed. One red root pigweed plant can produce 100,000 seeds that can continue to germinate over the next 15 to 20 years.

For more timely gardening tips, contact the Bracken County Extension office at 606-735-2141.

Fireworks Safety Information

**Provided by: Neider Reynolds, Coordinator
Bracken County Emergency Management**

June and July are National Fireworks Safety Month. This announcement is to educate the public on the safe and responsible use of consumer fireworks so as to eliminate injuries. Review these safety tips.

- Use fireworks outdoors only.
- Obey local laws. If fireworks are not legal where you live, do not use them!
- Always have water handy (a hose or buckets of water)
- Only use fireworks as intended. Don't try to alter them or combine them.
- Never re-light a “dud” firework (wait 20 minutes

and then soak it in a bucket of water)

- Use common sense when using fireworks. Spectators should keep a safe distance from the shooter, and the shooter should wear safety glasses.
- Alcohol and fireworks do not mix.
- Have a “designated” shooter - only persons over age 12 should be allowed to handle sparklers of any type.
- Do not ever use homemade fireworks or illegal explosives; they can kill you!
- Report illegal explosives to the fire or police department in your community.
